

SAGEBRUSH & MOUNTAIN 1000

Up For The Challenge of Riding 1000 Miles within 24 Hours?

Come join us on Sept 9th-10th as Desert Valley Powersports hosts an Iron Butt Association certified ride known as a "Saddlesore 1000". This 24-hour ride begins in the DVP parking lot starting at 10:00:00 PDT on Saturday, Sept 9th, and ends precisely 24 hours later. The event fee is \$60, and that covers a lot: your SaddleSore certificate, IBA License plate, SS1K pin and patch, refreshments at Start/Finish, and most important, we handle all your critical ride documentation.

At Check-In, you will be given the IBA pre-certified route. All you have to do is ride the miles, enjoy the scenery, and collect the minimum number of gas receipts containing the date/time/fuel amount and the current odometer reading. If you have a GPS on your bike, you can download our route waypoints, and go paperless! You earn official IBA membership with your successful ride!

The route is all within Washington state, making this run a unique "in-state" SaddleSore 1000. See official rules at <http://ironbutt.com/themerides/ssseries/> For this ride, many of the rules are relaxed; we will do them for you! No fuel logs are needed, and we provide your route and starting/ending witnesses for you. You just ride the miles, collect the mandatory fuel receipts along the way, and check back in to Desert Valley Powersports within 24 hours with all receipts.
